## **Plant Parent**

*Keep your plants happy and thriving*

A Plant Parent is someone who takes care of plants like they would a pet or family member. It means being responsible for watering, feeding, and ensuring your plants stay healthy. Many plant parents enjoy the process of nurturing greenery, seeing it grow, and making their space more vibrant and relaxing.

## Frequently Asked Questions

### Frequently Asked Questions (FAQ)

#### 1. General Questions

Q: What is Plant Parent?

A: Plant Parent is a platform dedicated to helping plant lovers grow and care for their indoor and outdoor plants. We provide tips, guides, and high-quality plant products.

Q: Do you sell plants or just offer care tips?

A: We do both! You can shop for plants and accessories on our website while also accessing expert care guides and plant parenting advice.

Q: Are your plants pet-friendly?

A: We offer a selection of pet-friendly plants. Check the product descriptions to find safe options for your furry friends.
